Passing the SP-PH State Exam can be tough if you're not prepared!

You will have exceptional support. The phone number and email of your instructor will be given to answer questions that you may have.

Instructor is Gene Keith, retired level 3 Electrical Inspector with 30+ years experience as electrician.

Gene Keith is also the owner of Keith Educational Seminars that will also provide you with your continuing education required by the State for renewal of your license.

What you need to qualify for the examination You must have at least three years of experience, of which at least two years shall be primary. There are many way to qualify for the experience. Please call 910-231-4002 for that information.

Scope of the SP-PH License

Authorizes the licensee to install, maintain, or repair electric wiring or devices only as an incident to the licensee's plumbing, heating and air conditioning business. The license authorizes the licensee to install, maintain, or repair only wiring that is directly related to plumbing, heating or air conditioning equipment.

The Exam is now computerized, and given through PSI Testing Centers weekly. There are testing centers in major cities across North Carolina.

You will also be given an Examination Information Handbook that will have the Application for Examination and other forms needed by Raleigh.

Enroll today and position yourself for success.
